

Resident Parking Permit Terms and Conditions

1. The permit only allows you to park in a “Resident Permit Holders Only” or “Permit Holders Only” parking place during the controlled hours, making sure that you are parked in the correct Controlled Parking Zone.
2. The permit does not allow you to park in a “Business Permit Holders Only” parking place, Pay to Park places, yellow lines, or any other parking restriction.
3. The permit may only be used in a shared use parking place where the signs indicate the zone identifier wording in condition 1.
4. The issue of a resident permit does not guarantee the availability of a parking space nor does it render the council subject to any liability in respect of loss or damage to the vehicle in a parking place or the contents or fittings of the vehicle.
5. Parking places may be suspended by any person duly authorised by the council or police. A resident permit is not valid in a parking place where signs indicate it is suspended.
6. It is prohibited to use a vehicle in a parking place in connection with the sale or offering or exposing for sale of goods.
7. The maximum number of resident permits which shall be issued to a household within a street or part of a street at any one time shall be four.
8. If the permit is no longer required the council may arrange a refund for the remaining number of months. The refund is calculated from the date the permit is received and will be for any full unused months.
9. The council may revoke a permit if it believed that the permit is being misused. Where a vehicle has three or more outstanding penalty charge notices issued that have progressed to ‘charge certificate’ stage (by this stage there is no longer a right of appeal) then a new or renewed permit will not be issued for that vehicle until the outstanding penalty has been paid or the matter otherwise resolved.
10. Failure to comply with these conditions may result in a Penalty Charge Notice (PCN) being issued to your vehicle.
